

RAFIQ ISAN MIFTAQL FALLAH

Web Developer & IT Specialist

089636200813 Rafiqfallah196@gmail.com Sukoharjo, Central Java linkedin.com/in/RafiqFallah

Web Developer & IT Specialist with 3+ years of experience in full-stack web development and IT operations. Proven expertise in building scalable web applications using JavaScript, Vue.js, Laravel, and Express.js, alongside a strong background in Quality Assurance and IT Incident Management. Certified Junior Web Programmer by BNSP. I combine technical coding skills with a proactive approach to system monitoring and user support to ensure seamless digital operations.

WORK EXPERIENCES

Front-end Web Developer & Quality Assurance

Dec 2024 – Present

CV. PMM (Putra Muda Mandiri) - Full Time

- Incident Handling & Technical Escalation:** Serves as primary point of contact for IT-related issues, analyzing and resolving user technical problems or escalating to senior engineering teams.
- System Operations & Monitoring:** Conducts proactive monitoring of core application portals to ensure optimal availability, performance, and operational security.
- First-Level User Support:** Provides responsive technical support via centralized ticketing system across company branches.

IT Support & System Administrator

Sep 2022 – Mar 2024

Hotel Daily Inn - Contract

- Feature Development & Collaboration:** Built internal web application features using JavaScript & Vue.js to streamline daily customer transactions and banking workflows.
- System Maintenance & Modernization:** Executed routine bug fixing and code maintenance, maintaining core system stability while modernizing legacy modules.
- Backend & API Integration:** Developed API connections and mock servers using Express.js for agile development and testing.

Software Development Intern (PRAKERIN)

Feb 2023 – Mar 2023

PT. Mozaik Bintang Persada

- Completed industrial software engineering practice with **Excellent (Amat Baik)** performance grade.
